The following lakes and ponds are available for public fishing through the courtesy of the owners or state ownership.

Determining fishing regulations is a simple two-step process:

- 1. Check the regulation table (pages 5-6) for general statewide Species, Legal Methods, and Limits regulations.
- 2. Look up the waterbody in the alphabetical list of lake and ponds to find any special regulations that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.
